

Automatic Pool Cleaners

Automatic Pool Cleaners For Inground or Aboveground Pools

Prowler® 710 Robotic Inground Pool Cleaner

Prowler 710

The fastest and most effective robotic cleaner in its class, the Prowler™ 710 features true “plug and play” convenience. It operates totally independently of pool’s circulation system to cover and clean any dimension, form, or shape of inground pool up to 50 feet in length. A Jet Drive propulsion system with a single, powerful motor drives the cleaner and enables total pool cleaning from floor to water line in one hour or less.

Featured Highlights

- Dual pressure wash jets lift sand, silt and algae off floors and walls— including surface pores where brushes can’t reach
- Powerful vacuum action removes fine particles and larger debris
- Internal filtration system removes contaminants and bacteria as small as two microns
- No installation, no booster pump, no hoses, and fully automatic

See page 317 for replacement parts.

Automatic Pool Cleaners

Prowler® 720 Robotic Inground Pool Cleaner

Prowler 720

Prowler 720 is the computer-controlled, programmed cleaner that scrubs and vacuums pool’s bottom, walls and steps and provides supplemental filtration of pool water. Totally independent of pool circulation system, Prowler™ provides on-demand cleaning without running pumps. It requires no installation, no booster pump, no hoses. Just plug it in and place it in the pool...it’s a totally self-contained cleaning and filtration system.

Featured Highlights

- Powerful vacuum action removes fine particles and larger debris
- Integrated filtration system captures dirt and debris in handy collection bag
- Integrated filter reduces run time of your primary filtration system by 25% to save on pump energy use and normal wear and tear
- Works fast, thoroughly scrubs and vacuums pools up to 20 x 50 feet in just 60–90 minutes
- Auto-reverse feature prevents hang-ups in corners and by steps and ladders for uninterrupted service
- Cleans all pool surfaces gunite, vinyl, fiberglass and tile

See page 318 for replacement parts.

Prowler® 730

Robotic Inground Pool Cleaner

Featured Highlights

- Two-way cleaning performance
- Powerful vacuum action removes fine particles and larger debris and Integrated filtration system captures dirt and debris in handy collection bag
- Integrated filter reduces run time of your primary filtration system by 25% to save on pump energy use and normal wear and tear
- Cleans all pool surfaces gunite, vinyl, fiberglass and tile
- Works fast thoroughly scrubs and vacuums pools up to 20 x 50 feet in just 60–90 minutes
- Auto-reverse feature prevents hang-ups in corners and by steps and ladders for uninterrupted service

The Prowler™ 730 Remote Control provides the ultimate in automatic pool cleaning convenience. It's the computer-controlled, programmed cleaner that scrubs and vacuums pool's bottom, walls and steps and provides supplemental filtration of pool water. The wireless radio remote control system provides two automatic cleaning options – one for the pool bottom and a second for the bottom and sides. Remote control functions allow for overriding the automatic cleaning modes to perform quick spot clean-ups. Simply guide the cleaner to any area of the pool with the touch of a button. It requires no installation, no booster pump, and no hoses.

Legend®

Pressure-side Inground Pool Cleaner

Legend Automatic Pool Cleaner

The Legend® pressure-side cleaner features a highly efficient booster pump (sold separately) for optimum power and unimpeded surface skimming, plus a large intake throat to handle large and small debris.

Featured Highlights

- Front-wheel drive and treaded tires for maximum traction on inclined surfaces for total pool coverage
- Four wheel design prevents tipping (common with 3 wheel cleaners) for uninterrupted and unattended performance
- Large intake throat and high-capacity bag handle large debris with ease
- Available with grey or white housings
- Cleans most pools in just 1-3 hours

See pages 322 - 323 for replacement parts.

Legend® II

Pressure-side Inground Pool Cleaner

Legend® II Automatic Pool Cleaner

Legend® II provides pressure-side power without the added energy consumption of a booster pump. That means fast, thorough cleaning and a lower cost to operate. Dual-jetted design powers water through unit to create powerful vacuum action.

Featured Highlights

- Superior cleaning power without a booster pump
- Front-wheel drive design assures maximum traction for maximum traction on inclined surfaces for total pool coverage
- Four wheel design prevents tipping (common with 3 wheel cleaners) for uninterrupted and unattended performance
- Dual thrust jets for maximum power, speed and performance
- Automatic back-up feature prevents hang-ups by steps and in corners to assure uninterrupted and unattended performance
- Heavy-duty, large-capacity twist lock collection bag for long periods between cleanings and ease of maintenance

See pages 324 - 325 for replacement parts.

Legend® Platinum

Pressure-side Inground Pool Cleaner

Featured Highlights

- Dual thrust jets provide maximum power for speed and suction so most pools are cleaned in just 1-3 hours
- Front-wheel drive and heavily treaded tires provide maximum traction on inclined surfaces to assure total pool wall and floor coverage
- Four wheel design prevents tipping (common with 3 wheel cleaners) for uninterrupted and unattended performance
- Large-capacity debris channel and huge intake throat easily pick up larger leaves and debris
- Suitable for concrete, vinyl-lined and fiberglass pools

Legend® Platinum is simply the most powerful pressure-side cleaner available. It's the ideal choice for inground pools exposed to higher loads of leaves and debris. A leading choice for pools with yards with lush landscaping and tougher cleaning challenges.

Jet-Vac®

Pressure-side Inground Pool Cleaner

Jet-Vac Automatic Pool Cleaner

For a simple, efficient cleaner with power to spare, count on Jet-Vac®. Powered by a low cost, energy-efficient booster pump (sold separately), it provides optimum vacuuming power while surface skimmers work uninterrupted at full capacity. Not for use in vinyl liner pools.

Featured Highlights

- Independent booster pump (sold separately) and a large 4-1/2" intake throat allows Jet-Vac to suck up even large debris with ease...in one test it picked up 27 golf balls
- With its patented, built-in reverse mode, Jet-Vac moves out of corners and obstacles that tend to trap other cleaners...just set it and forget it for continuous, fast cleaning
- Large capacity bag is constructed of tough, durable material and twists on and off for fast, easy emptying
- Designed for simplicity and durability with a minimum of moving parts
- Quick connectors are used at all important hose junctions for ease of use and a snug fit

See pages 332- 333 for replacement parts.
